Vision: Matthew G. Emery Education Campus is a learning community that consists of students, their families, the staff, school partners and members of our Eckington neighborhood. This learning community is characterized by a commitment to excellence and success, as well as a residing belief in a thriving and supportive community that focuses on supporting and creating a learner that can compete and succeed in a competitive 21st century economy.

Mission: The staff of the Matthew G. Emery Education Campus will create a community of learners prepared to compete in the 21st century scientific community. Staff will work collaboratively to provide meaningful instruction that addresses students' diverse learning styles and cultural backgrounds. Emery educators will purposefully use a variety of teaching strategies that cater to multiple intelligences and different learning modalities. The ultimate Emery mission is to educate the whole child so that Emery graduates are prepared to thrive in the disciplines of science, technology, engineering, and mathematics with a social consciousness to positively influence whatever community they join in their lifetime.

Other important information: Saturday School program available
